It is a great pleasure to introduce the 1986 edition of the annual publication, Ontario Public Libraries Statistics.

This important publication is the primary source of statistical information about Ontario's public libraries. It provides library trustees and administrators with a wide range of pertinent data on the development and delivery of public library serivces and helps them to assess the quality and distribution of resources and services throughout the province.

The Ontario Public Libraries Statistics 1986 is one of the best examples of the unflagging commitment of the Ontario Ministry of Culture and Communictions to a public library service that is genuinely relevant and accessible to the people of Ontario. I wish to offer my thanks and best wishes to the public library representatives and all others whose efforts continue to make this publication possible. As always, comments and suggestions on how this publication can be improved are most welcome.

Sincerely yours,

Lily Munro

INTRODUCTION

This compilation contains six sections: 1. Ontario totals; 2. General statistics for operating library boards by size and type; 3. Audio-visual services; 4. Capital operations; 5. Contracting municipalities; and 6. Index.

The figures were taken from the Annual Survey of Public Libraries 1986 returns from Ontario public libraries. The form and its accompanying instructions and definitions are appended to this compilation. Every effort has been made to ensure accuracy by checking information with libraries, with auditors' reports and with branch records, but the validity of this final report depends upon the accuracy of data submitted.

Population is given as supplied in the Municipal Directory 1987. Populations (on Reserve only) for Indian bands were supplied by the Department of Indian Affairs. Populations for the southern Ontario Library Service area headquarters, the Simcoe County Cooperative and the Metropolitan Toronto Library Board are reported as zero to avoid duplication in the Ontario totals; the population for the three northern Ontario Library Service area headquarters is the unorganized population of the area only and does not include organized population reported by member libraries.

The Ontario total for population served shows the total population of the communities that have passed public library by-laws and includes the population of contracting municipalities. Please note that a negative number reported under net current revenue results from a deficit larger than total revenue. "Total expenditure adjusted" is adjusted by subtracting contract receipts from the total current expenditures to avoid duplication in the Ontario totals; a negative number results from total expenditures that are less than total contract receipts from other library boards and contracting municipalities.

Users of this compilation are requested to evaluate the usefulness of the data presented and to send their comments to:

INSTRUCTIONS AND DEFINITIONS FOR

ANNUAL SURVEY OF PUBLIC LIBRARIES

1986

INTRODUCTION

The Ministry of Citizenship and Culture needs to have accurate statistics for the library services it funds directly. The Ministry also endeavours to provide the public library community with information by which public libraries can compare their performance and resources to other similar public libraries throughout the province. The Annual Survey of Public Libraries questionnaire has been developed in consultation with various library authorities to meet these needs. To avoid the necessity of public libraries having to fill out two separate questionnaires, this questionnaire also collects all of the information required by Statistics Canada.

The Annual Survey of Public Libraries reports from public libraries are for the tabulations, which are then made available to all libraries. Satisfactory completion of the reporting forms is one of the requirements for receipt of 1987 Provincial library grant and must be completed by all boards and contracting municipalities.

The Province recognizes the limitations of comparative measurements derived from the information collected by the Annual Survey of Public Libraries. Such measurements are not absolute performance evaluations in the sense of indicating 'good' or 'bad' cost performance. Many factors impact on library performance, including work methods and technologies, level of service and local conditions. But comparative measurements give an initial indication that something is different, and the municipal library manager may, upon investigation of the difference, find further information that may help improve the enterprise.

DEADLINE FOR SUBMISSION:

MARCH 31, 1987

NUMBER OF COPIES TO BE SUBMITTED:

Two copies are to be submitted to your Ontario Library Service Office; DO NOT send your completed form directly to the Ministry.

WHOM TO CONTACT FOR ASSISTANCE:

- Should you require advice or assistance regarding these instructions or the return, please call your Ontario Library Service Area headquarters.

ROUND OF FIGURES:

All fiscal amounts are to be rounded to the nearest dollar. Some calculations, particularly when converting Imperial units to metric units, result in decimal figures. The figures after the decimal point are to be rounded to the nearest whole number when the form indicates that decimals are to be omitted.

ANSWER ALL QUESTIONS:

In answering the form, the characters "NA" and "NC" should NOT be used; where a library does not hold the material for which data is requested or offer the service, a zero "0" should be entered in the box furthest to the right provided for the answer. If exact information is not available for an item, please enter your best estimate for the requested figure and indicate by a footnote that the figure is an estimate.

Municipalities, local service boards, councils of Indian bands and trustees of improvement districts that contract with a public library board under Section 29 of the Public Libraries Act, 1984, S.O., 1984 Chap. 57, are instructed to answer questions 1 to 6, to report any funds remaining from 1985 in question 37, to report receipt of funds (particularly receipt of the 1986 provincial grant) in question 38 and expenditures in questions 39, 40 and 41. In question 39e, contracting municipalities are to name the operating boards they pay monies to and to give the amount paid to each of these operating boards. In Section L. CERTIFICATION, in case of contracting municipalities only, the signature of an official with signing authority for the contracting municipality is sufficient; this signature should appear on the line provided for the signature of the municipal clerk.

Ontario Library Service Areas in Northern Ontario are requested to report on behalf of community libraries in unorganized communities. Figures for such community libraries are to be included in Ontario Library Service Area totals just as if these libraries were branches of the Ontario Library Service Area. Please attempt to provide holdings and circulation figures for these community libraries as well as addresses under branch data.

USING THE BOXES:

In answering the form enter values in such a manner that the last digit of the value you are entering appears in the box furthest to the right. Where decimals are called for, the dark dot represents the decimal point. For example a library having one full time professional librarian and 0.5 part-time librarians would fill the appropriate boxes thus:

SECTION A. IDENTIFICATION:

1. Legal name of library board/contracting municipality: Public library boards are to enter their legal name as per Sections 3, 5, 7 or 33 as appropriate of the Public Libraries Act, 1984, S.O., 1984, Chap. 57. Contracting municipalities are to enter their legal name as it appears in the Municipal Directory.

2. Name of chief executive officer/municipal clerk: This will usually be the head staff person. In most organizations the chief executive offer is employed under contract to devote full time to his/her work as administrative officer and general manager of the organization.

3. Mailing address of board/municipality: Please give the address to which the provincial grant cheque should be mailed. This will usually be the main or central library or in the case of a contracting municipality, the municipal offices.

4. Telephone number: Please give the telephone number of the library board or municipality.

5. Type of library board: Only one box should be checked. Contracting municipalities should check box 6.

6. The intent of this question is to identify contracting municipalities. Ontario Library Service Areas, even though they may not serve the public directly should check box 1.

SECTION B. GENERAL INFORMATION:

7. Name of Ontario Library Service Area: All library boards in Ontario are members of Ontario Library Service areas.

8. Number of service points:

(a) Permanent locations: Report as permanent locations only those locations administered by your library board that meet all of the following conditions:

(i) separate quarters;

(ii) a permanent basic collection of books;

(iii) a permanent staff; and

(iv) a regular schedule for opening to the public of 12 hours per week or more.

Include as permanent locations the main library and all branches. Service units such as Ontario Library Service headquarters, administrative buildings, technical services buildings, etc., that are NOT OPEN TO THE GENERAL PUBLIC are NOT to be reported as permanent locations. DO NOT include bookmobiles, mobile unit stops or deposit stations. Northern regional library systems are to report community libraries here if the community library meets the above conditions otherwise they are to be reported as deposit stations.

NOTE: A former bookmobile set up on blocks so that it is no longer mobile, but is still used to serve the public, is, if it meets the above conditions, to be reported as a permanent location.

(b) Bookmobile and other mobile unit stops: Report the number of places at which bookmobiles or other mobile units stop periodically to provide library service. DO NOT report the number of stops per day, per week, per month or per year.

(c) Deposit stations: Report public library agencies in stores, schools, factories, hospitals, homes or other organizations or institutions, with small and frequently changed collections of books, and open to the public at certain designated times. DO NOT REPORT deposit stations that are NOT administered and staffed by the library board. Include any branches that do not meet all the conditions for inclusion under permanent locations. Count locations NOT the number of times the collection is rotated. DO NOT include libraries under another public library board or locations reported above under "a". Deposits placed in other libraries or outlets NOT under your library's administration are to be reported as bulk loans in question 25. Contracting municipalities are NOT deposit stations unless the board administers and staffs a library service point in contracting municipality.

(d) Total service points: A service point is a public library outlet from which service is offered directly to the public; the figure reported here is the total of permanent locations, bookmobile or other mobile unit stops plus deposit stations.

9. Population of municipality: Population is to be taken from the most recent official enumeration reports completed by your local Ministry of Revenue assessment office. DO NOT include residents of contracting municipalities with which your library contracts and DO NOT include non-resident borrowers. Southern Ontario regional library systems, the Metropolitan Toronto Library Board and the Simcoe County Co-operative are NOT to report population figures. Northern Ontario regional library systems are to report the unorganised population only.

10. Self-explanatory

11. Bookmobiles: Motorized vehicles or bookmobiles are to be counted only if they serve the public directly. Count the vehicles; DO NOT report the number of locations at which the vehicle stops; bookmobiles stops are reported in question 8 (b). DO NOT count as bookmobiles or mobile units, vehicles used for purposes other than providing library service directly to the public, such as those used solely to move library materials from one library branch to another.

12. (a) Branch data: The information you provide here will be used to update the Directory of Ontario Public Libraries. Under address please give the street address of the library. Remember to include MAIN LIBRARY particularly if its street address is different from the mailing address of the board.

(b) Deposit station data: The information you provide here will be used to update the Directory of Ontario Public Libraries. Under address please give the street address of the deposit station. DO NOT INCLUDE DEPOSITS PLACED IN OUTLETS THAT ARE NOT DIRECTLY ADMINISTERED AND STAFFED BY YOUR BOARD.

SECTION C. HOLDINGS:

Only materials owned by your library board are to be reported in this section. DO NOT report materials placed in your library on deposit and owned by another library agency NOT under your library's administration.

- A volume is physical unit of any printed, typewritten, handwritten, mimeographed or processed work contained in one binding or portfolio, hard bound or paperbound.

- For reporting purposes, a title is a publication which forms a separate bibliographic whole, whether issued in one or several volumes, reels, discs, slides or parts. It applies equally to printed materials, such as books and periodicals, as well as to audiovisual materials and microforms.

  A library will always have a greater number of volumes than titles even if it does not buy multiple copies since a single title often may have several volumes: i.e., The Canadian Encyclopedia is counted as one (1) title, but as three (3) volumes.

- For titles, report the number of items for which a separate shelflist card has been made. (SHELFLIST: a record of materials in a library, arranged in the order in which the materials stand when they are shelved or stored). Thus, six copies of the same edition of a title count as one title; two editions of the same title which have been catalogued or recorded separately count as two titles; a set of six items for which six shelflist cards have been made count as six titles; and two sets of the same edition for which one shelflist card has been made count as one title.

13. Catalogued print materials owned by the library board: Report the library's catalogued collection(s) of books and other print materials that are catalogued in the same manner as books and that are interfiled with, or that may be interfiled with books. For example, a government document or a yearbook that has been catalogued as a book and shelved with books is to be reported as book stock. Collections of government documents, pamphlets, paperback books, technical reports, manuscripts, memoirs, proceedings, transactions of societies, monographic and publishers' series, foreign language materials, etc., that are NOT catalogued in the same manner as books should NOT be reported as book stock. NOTE: Government documents may be classified under a different system from books but still counted as catalogued print materials if they are catalogued in the same manner as books.

- Report the library's collection(s) of books and other print materials catalogued as books held at the end of the reporting period by language: i.e. English, French and other. The figures reported for English, French and other languages should total to equal the total number held.

- METHOD FOR ESTIMATING THE NUMBER OF TITLES IN THE COLLECTION: A library which does not maintain a title count of its various collections, and that cannot easily count the number of separate shelflist cards, should use the following statistically sound method for estimating this count.

  1. Count the number of titles in one inch of the shelflist cards in the shelflist;
  2. Repeat step one at random intervals (e.g., count one inch in every foot) throughout the shelflist;
  3. Average the number of titles per inch;
  4. Multiply the average titles per inch by the number of inches of cards in the shelflist.

- NOTE: if you do not have a shelflist and do not maintain a title count of your collections you may use whatever you deem will give the best estimate of the number of titles. In a small library that does not normally purchase multiple copies the average is 92 titles for every 100 volumes.

14. Titles of catalogued reference material held: Report books and other print material which normally may not be borrowed for use of the library, either because their nature is such that they are prepared for brief consultation, rather than for continuous reading or because they belong to a reference collection. The number of titles of reference materials held at the end of the reporting period should also be included in the total titles of catalogued print materials held at the end of the reporting period. See question 13(d).

15. Total volumes of uncatalogued circulating print materials: Report bound print materials available for circulation that are uncatalogued or have only minimal cataloguing and have not been reported elsewhere on this form.

16. Number of titles of magazines, newspapers, periodicals being received: Report only print publications; microfilm titles are reported in question 18. Count the number of different titles being received at the end of the reporting period, including gift subscriptions and those being received by exchange. For example, if the library received 3 copies of TIME and 4 of MACLEAN'S, the number of titles is 2 not 7.

17. Linear metres of uncatalogued print materials: Report pamphlets, vertical file materials and other uncatalogued publications, NOT reported above, in terms of linear metres. Note that a standard filing cabinet drawer is approximately one metre in length; if your file drawers are full you can arrive at an appropriate measure by counting drawers. In order to convert a measurement in feet to one in metres, multiply the feet by 0.3 (i.e. 10ft. (10 x 0.3) equals 3.00 metres).

18. Micromaterials: Report any library material which has been photo graphically reduced in size for storage and protection purposes, and which must be read with the help of enlarging instruments: e.g., microfiche, microstat, aperture card, microfilm, microstrip, etc. Count the number of titles photographically reduced. DO NOT count reels, sheets, cards, cassettes, etc.

19. Titles of all other non-book materials: Non-book library materials are materials which do not require the use of special equipment in order to be seen and/or heard. Include flat pictures, dioramas, globes, artifacts, specimens, postcards, maps, jigsaw puzzles, board games, etc. Count titles as a whole whether issued in one or several parts. DO NOT report titles reported elsewhere on this form and DO NOT count pieces of audio-visual or office equipment even if these are available for loan to the public.

20. Titles of all other audiovisual materials: These are non-book library materials which require the use of special equipment in order to be seen and/or heard that are NOT specified in question 21 (exclude films, filmstrips, slide sets, sound recordings, talking books and video; include overhead transparency sets, mixed media (multimedia) kits, etc.) Count titles as a whole whether issued in one or several parts.

21. Audiovisual materials: Report library materials which require the use of special equipment in order to be seen and/or heard as specified in the question. DO NOT report any single type of audiovisual material twice; each type of audiovisual material should be reported as one and only one type of material. For example, talking books are NOT to be included in the figure reported for sound recordings. Report only materials owned by your library board. DO NOT report materials placed in your library on deposit and owned by another library NOT under your library's administration. A title is a publication which forms a separate whole, whether issued in one or several reels, discs, cassettes, slides or parts.

SECTION D. LOAN TRANSACTIONS

22. Self-explanatory. Note that Ontario audiovisual librarians have agreed that where actual showings statistics are not kept, showing are to be estimated by multiplying bookings by 1.5.

23. Direct circulations: Count as items circulated those items charged out from your own permanent or permanent deposit collections(s) for use outside the library, whether these items are actually used inside or outside the library. Include in your circulation total the circulation of items borrowed from other libraries and then provided to your library user.

Also include the circulation of rotating or bulk loan collections which were provided to your library users. Count one for each item lent directly to library users and one for each renewal. Please NOTE that, for films, it is bookings and NOT screenings that are to be counted; screenings and estimated audience for films are to be reported in question 22. DO NOT include in your circulation total, the actual or estimated circulation of bulk or rotating collections provided from your library to other libraries or organizations. DO NOT count items sent to another library agency under your administration or items sent to another library agency not under your administration.

24. In-library material use: Count the number of items that are to be replaced on shelves or in files, excluding those returned from outside circulation. For the purpose of data collection for this statistic, a pamphlet file folder is counted as a single item. DO NOT count each separate element within each folder. Libraries which do not maintain an annual in-library material use count should follow the method used to derive the annual reference requests figure (see question 27).

25. Bulk loans:

(a) Items provided: Report the items provided (including films and audiovisual) in rotating collections and other bulk loans from your own permanent or permanent deposit collection(s) to other libraries or outlets NOT under your library's administration. For example, if your library placed 4 different bulk loans of 125 items each in a neighbouring municipality during the reporting period, you would report 500 items provided to other libraries.

(b) Items received: Report the items received (including films and audiovisual) by your library from another library. For example, if your library received 4 different bulk loans of 125 films each from another library board, you would report 500 items received from other libraries.

26. Inter-library loans:

- Inter-library loans are loans of materials (books, periodicals and newspapers, films, talking books, videodiscs/cassettes, etc.) sent in answer to specific title, author or subject requests made between libraries or library agencies that are NOT under the same administration. To avoid double counting, Ontario Library Service Areas and resource libraries that serve as clearing centres for inter-library loan requests are NOT to report transactions made on behalf of other libraries; only count items lent to other libraries made from your own permanent or permanent deposit collection(s) and items borrowed from other libraries for circulation directly to the user originating the request.

- Count copies as if the original material had been sent or received; i.e. one specific request requiring several pages of photocopy should be counted as one loan transaction.

- Items borrowed: Only those libraries receiving library materials or copies thereof, for circulation directly to the user originating the request are to record items as being borrowed from other libraries. DO NOT count bulk loans received from other libraries.

SECTION E. REFERENCE REQUESTS:

27.

PLEASE NOTE this is one of the questions for which Ontario public libraries made a count during a week within the period from September 28th to November 29th, 1986.

- Figures should be totals for the main library and all service points.

- Only the library at which the original request was made should count the reference transaction.

- A reference request is any request for information or aid which requires the use of one or more sources to determine the answers or which utilizes the professional judgment of the librarian; it includes reference, literature searches, and reading aid but does not include questions, the answers to which involve giving directions.

- A typical week is the week without a holiday in it selected by your library during the period form September 28th to November 29th 1986 to make the required count.

SECTION F. LIBRARY USES:

28. PLEASE NOTE this is one of the questions for which Ontario public libraries made counts during a week within the period from September 28th to November 29th, 1986.

- Figures should be totals for the main library and all service points.

- People entering the service point: Count one for each person entering the service point and one for every time that person re-enters the service point.

- Telephone requests, telex requests and mail requests are requests for information, aid or service including interlibrary loan requests and reference requests but not including advertisements, bills, general telephone calls, general telex messages, general mail, public notices or solicitations.

- A typical week is the week without a holiday in it selected by your library during the period from September 28th to November 29th, 1986 to make the required counts.

29. Annual programme attendance:

- A programme is any planned event which introduces those attending to any of the broad range of library services or activities, or which directly provides information through the presentation of talks, films, dramas, etc. Programmes need not take place in the library, but the library must be the primary contributor of time, money or people in the planning or presentation. Staff serving on other agencies' programme committees does not entitle resulting programmes to be counted. Include book talks, tours and film programmes but DO NOT include on-going exhibits, contests run by the library, handouts, parades, or library booths at fairs. To avoid double counting, only the library in the jurisdiction where the programme is presented should report the attendance.

- Include attendance at Outreach Ontario and/or Ontario Arts Council sponsored programmes in the total.

SECTION G. LIBRARY PHYSICAL FACILITIES:

30. Net area in square metres assigned for library purposes: Report the total space which can be put to use in furtherance of the library's mission. Include the sum of all areas on all floors of the building that have been assigned to or are used for library functions or purposes. Include space for readers and reading areas, bookstacks and related storage areas for the book collections, audio-visual materials, and other materials, working spaces for staff, space for services to users (including the card catalogue), public service desks, copying equipment, audio-visual equipment, other library equipment, aisles between bookstack ranges and library furnishings and similar useful space. Where the library is located in a multiple-use building (office building, municipal complex, shopping mall, etc.), DO NOT include space common to all tenants of the building such as vestibules, lobbies, or traffic areas, janitorial or custodial storage or service areas, toilets, elevator or stairway space, building corridors,

recreation areas, or similar space not specifically used for library functions. Where the library owns the whole building but rents out space to another agency or enterprise on an on-going basis DO NOT include such rental space. Ontario Library Service Areas are to include headquarter's space, even though the headquarters does not serve the public directly and, hence is not reported as a permanent location; similarly, public libraries are to include space in administrative or technical service buildings.

- If there is no singe service point designated as "main library", report total net area for all service points including administrative and technical service buildings in the space provided for "all other service points". Question 30(b).

- In order to convert a measurement in square feet to one in square metres, multiply the former figure by 0.09; please round to nearest whole number (i.e., 1,152 sq. ft. (1,152 x 0.09) equals 103.68 square metres which is to be rounded to 104 square metres).

31. Total number of seats normally available to library users: Report the number of seats available for library users including general reading area seats, lounge seats, group study seats, audio-visual area seats, typing room seats, seminar room seats (when available on an open basis), etc., include non-chair seating, such as bean bags, benches, or pillows in children's rooms, if they are in place at all times. DO NOT include seats at card catalogue reference tables, other 'non-study' seats, seats in locked rooms not normally open to library patrons (such as auditorium or general meeting room seats), folding chairs, carpet squares, etc.

- If there is no single service point designated as the "main library", report total seats normally available to library users in the space provided for "all other service points" - Question 31 (b).

SECTION H. REGULAR LIBRARY HOURS:

32. Total hours main library regularly open per week: Report the regular winter schedule for opening to the public. Include the total maximum number of hours open from Monday to Friday under Total Monday to Friday, the total maximum number of hours open Saturday and the total maximum number of hours open Sunday. For example, a library is open to the public from noon to 6. p.m. on Monday, Tuesday and Wednesday, from noon to 9 p.m. on Thursday and Friday, and from 9 a.m. to 5:30 p.m. on Saturday during the period from Labour Day to Victoria Day (the rest of the year it is on summer hours) and from 1:30 to 5:00 p.m. on Sunday for the period from Thanksgiving to Victoria Day (the rest of the year it is closed on Sunday); it would report: TOTAL Monday to Friday = 36.00 hours; Saturday = 8.50 hours; Sunday 3.50 hours; total per week - 48.00 hours.

- If there is no single service point designated as the "main library" the total hours open for all service points should be reported in the space provided for "Total hours all other service points regularly open per week" - Question 33.

33. Total hours all other service points regularly open per week: Follow example given in the instruction for question 32 to arrive at a maximum total per week for each service point and report total for all service points. DO NOT include main library in with total if the main library's hours have been reported above in question 32.

SECTION I. LIBRARY PERSONNEL:

34. Number of positions filled.

(a) Degree earned in library or information science: For the purpose of this report an ALA as well as an FLA is to be considered as a degree. Report those individuals who possess professional qualifications in librarianship and who are employed in positions which require training and skill in theoretical or scientific parts of the library's work: i.e.holding an ALA, BLS, FLA, MLS, etc.

(b) Professional accreditation in non-library field: Report those individuals who possess professional qualifications in non-library science disciplines (accounting, business administration, computer science, education, media instruction, etc.) and who are paid on a scale equivalent to that for professional librarians.

(c) Post-secondary certificate in library, media or A/V technology: Report those individuals who have formal training in librarianship, media technology or audiovisual technology (a certificate or diploma from a college or other post-secondary institution) but do not possess professional qualifications and who are paid on a scale commensurate with having such training and skill.

(d) All other staff: Report only staff paid out of the library payroll. The figure should include the individual in charge of the library where this individual lacks a certificate, degree or diploma, administrative support personnel, clerks, pages, receptionists, secretaries, students and typists. DO NOT include personnel employed under special work programmes such as "Experience". Include physical plant or maintenance workers, only if paid out of the library payroll: exclude maintenance staff provided by contract or local government.

- a full-time position filled is a position both designated as such and one being continuously occupied at least 35 hours per week. ANY POSITION NOT MEETING THIS CRITERION IS TO BE REPORTED AS A PART-TIME POSITION.

- Part-time positions filled in full-time equivalents: To compute 'full-time' of part-time employees, take the number of hours worked by a full-time employee. (NOTE: If the library is open less than 35 hours a week, and thus manned less than 35 hours a week, divide by 35). Show the result to two (2) decimal places.

Examples:

(a) A part-time employee who works 20 hours per week in a library, having a 40-hour work week, is computed as follows: 20 divided by 40 equals 0.50 full-time equivalents (FTE's).

(b) An employee who works 20 hours a week in a library open only 30 hours a week, is computed as follows: 20 divided by 35 equals 0.57 full-time equivalents (FTE's).

(c) An employee who works in a library on a full-time basis during one-half of the fiscal year would be counted as 0.50 full-time equivalent.

It should be noted that student assistants who work part-time and are paid for such part-time work should be included under part-time positions if the position was filled on or about December 31st, 1985. DO NOT include student and adult volunteers - that is, persons who work in the library, but who receive no pay for such work.

35. Number of un-paid volunteers working for library: Report the number of unpaid volunteers that worked for the library in 1986.

36. Number of hours worked per week by unpaid volunteers: Total the weekly number of hours worked by all unpaid volunteers and report total to two decimal places.

SECTION J. FINANCES:

37. Net balance brought forward from previous year: Report, as in standard accounting audit procedures, all monies not used in 1985. Please remember to check the approximate box to indicate whether the amount you are reporting is a surplus, a deficit or nil.

38. Current revenue for reporting period: Where an item is purchased for resale, the sales revenue are to be netted against the purchase price and only the profit (or loss) reported. Report only current operating revenue; DO NOT report income received specifically for a capital project, such income is to be reported in Section K - Statement of capital Operations.

38(a) Provincial grants: Report all non-capital grants paid directly by the Province of Ontario, including BILD, Experience, Wintario, etc. DO NOT include Provincial funds received indirectly from the Ontario Library Service or a neighbouring municipality. Include WINTARIO capital grants ONLY IF they were matched with funds out of your current operating budget.

38(b) Municipality contributions: Report all operating and debt services receipts from municipality/municipalities for which the library was established. DO NOT include receipts from neighbouring municipalities. DO NOT include income specifically for a capital project.

38(c) Contract receipts: Report all receipts from the Ontario Library Service, neighbouring municipalities, and other libraries NOT under your library's administration; include rent and receipts (NET) from the sale of services to these libraries and library boards.

38(d) Donations: Report all monies available during reporting period from endowments and trusts and all gifts and donations of money from all sources. DO NOT include the value of gifts and donations of books and other library materials and equipment. DO NOT include the principal of endowments or trusts.

38(e) Other grants: Report all grants from associations, the federal government and foundations. DO NOT include grants reported for any other question on the form. DO NOT include grants specifically for a capital project; capital project grants are to be reported in Section K. Statement of Capital Operations.

38(f) Transfers from reserve funds: The transfers to be reported should be from special or restricted accounts; accounts from which money normally is not used for operating purposes. PLEASE NOTE: the balance brought forward from 1985 is not, for the purposes of this report, a reserve fund and should not be reported here.

38(g) All other current revenue: Report any other receipts not reported in a, b, c, d, e, or f above. Indicate as per the headings provided, what the sources of these revenues were: i.e. lending of materials, rental revenue, fines, damages recovered, non-resident fees, programs and events revenue and miscellaneous revenue. NOTE NON-RESIDENT FEES DOES NOT INCLUDE CONTRACT PAYMENTS FROM A NEIGHBOURING CONTRACTING MUNICIPALITY; THE CONTRACT RECEIPTS ARE REPORTED IN 38(C). Libraries with savings accounts in which they deposit money to receive interest until the money is needed to pay operating costs or those that put idle cash in short-term federal or commercial notes to produce interest until the cash is needed are to report such interest under miscellaneous revenue. Profits made from the resale of goods to the public are also to be reported in miscellaneous revenue. Please note 415 is sum of 412, 413, and 414; 418 is sum of 416 and 417; 256 is sum of 415, 418, 419, 420, 421, 422 and 423.

- Total current revenue for reporting period: Total of a + b + C + d + e + f + g. DO NOT include net balance brought forward from 1985 total.

39. Operating expenditure for reporting period: Where an item is purchased for resale, the sales revenue are to be netted against the purchase price and only the loss (or profit) reported. DO NOT report expenditure of funds from a capital projects fund here; such expenditure out of a special capital fund is to be reported in Section K. Statement of Capital Operations.

39(a) Salaries and wages: Report the wages, salaries and benefits paid to library staff. Please do not double report: students and part-time staff employed under special work programmes such as "Experience" and maintenance staff paid out of the library budget have separate lines and should NOT be

included in with library staff. Report wages, salaries and benefits for plant operation and maintenance staff only if paid out of the library payroll. DO NOT include fees paid to outside consultants hired in connection with library programmes and/or special projects.

DIVIDING SALARIES AND WAGES BETWEEN PUBLIC SERVICE AND SUPPORT SERVICES IS OPTIONAL FOR PUBLIC LIBRARY BOARDS SERVING LESS THAN 100,000 POPULATION.

- Public service staff are those individuals who are engaged in assisting, explaining and directing library users in the use of library services. Public Service staff may spend a portion of their time or all of their time in these activities. The following type of employee would be engaged in public service:

  (i) staff who work on the circulation and/or information desk;

  (ii) switchboard operator who directs calls to appropriate locations and answers questions regarding hours of service;

  (iii) security employee who directs public to appropriate areas;

  (iv) public relations officer on a speaking engagement about library service, etc.

- Decide what functions a staff member performs and the percent of time spent on public service and on support services. Assign the appropriate percentage of salary and fringe benefits of that staff member to the appropriate function.

- All other staff are to be reported as support services staff. Assign appropriate percentage of salaries and fringe benefits when staff perform both public service and support service functions.

  Please note 258 is sum of 220 and 223; 259 is sum of 221 and 224; 261 is sum of 258, 259 and 260.

39(b) Library materials: Report expenditure on (i) books; (ii) serials, newspapers, and periodicals; (iii) 16mm films; (iv) sound recordings (records, tapes and cassettes); (v) compact sound discs; (vi) talking books; (vii) vidiodiscs; (viii) vidio-BETA format; (ix) vidio-VHS format; (x) micro materials; and (xi) all other library materials such as overhead transparency sets, mixed media kits, flat pictures, maps, board games, etc. DO NOT include acquisitions, cataloguing, processing, binding, repairs, postage or shipping charges, fees or payments; such expenditure is to be reported in question 39(d) i below.

39(c) Payments to other library boards: Report all payments to public libraries that are NOT under your library board's administration, including the payment of rent and fees and charges for services. DO NOT include acquisitions, cataloguing, processing, binding, repairs, postage or shipping charges related to acquiring library materials. CONTRACTING MUNICIPALITIES ARE TO REPORT PAYMENTS TO OPERATING LIBRARY BOARDS NAMING EACH OPERATING BOARD AND LISTING THE AMOUNT PAID TO EACH.

39(d) All other library operating expenditure:

- acquisitions, cataloguing, processing payments - Report acquisitions, cataloguing, processing, binding, repairs, postage or shipping charges, fees or payments related to acquiring library materials;

- other services - Report network systems and data processing fees and payments, including fees for membership in a co-operative, expenditure on services such as consultants' fees, public relations, printing services, translation services, research services, etc.

- other - Report under this heading, those expenditures for the operation of the library, other than those already enumerated. These include board expenditures, conference fees, insurance, rent, etc., but DO NOT report monies transferred to other funds or returned to government sources or debt charges. Transfers to reserve fund, funds returned to government sources and debt charges are reported under question 40 below.
  Please note 395 is sum of 393 and 394; 268 is sum of 395, 396 and 397.

39(e) Self-explanatory. Please remember to include this total in the total current expenditure figure below - Question 41.

40(a) Debt charges: Report the payment on principal and the payment of interest on the principal.

40(b) Transfers to reserve funds: Report as transfers to reserve funds money that is put into other funds which customarily will not be drawn upon for operating purposes: i.e., endowment funds, construction funds, bookmobile or vehicle depreciation fund. For the purposes of this report funds left over from 1986 that will be available for operating expenditures in 1987 are NOT to be considered as reserve funds.

40(c) Returned to government sources: Library boards that are required to return any surplus operating funds to the governing municipality are to report such returns here. Include Wintario, Experience, etc. Funds that have been returned to the Provincial government.

41. Total current expenditure for reporting period: Self-explanatory. Please remember to include the total in question 39(e) in this total.

SECTION K. STATEMENT OF CAPITAL OPERATIONS:

- Only libraries that added to or expended from a capital projects fund in 1986 are to answer this question.

- **DO NOT** report capital expenditure out of current operating revenue (to be reported under supplies and equipment in question 39 (d) nor any income or expenditure reported elsewhere on this survey form.

- A capital expenditure is any significant expenditure incurred to acquire or improve land, buildings, engineering structures, machinery and equipment. It normally confers a benefit lasting beyond one year and results in the acquisition or extension of the life of a fixed asset. It includes vehicles, office furniture and equipment, library shelving, and the initial foundation book collection for a new branch. An expenditure on repair or maintenance designed to maintain an asset in its original state is NOT A CAPITAL EXPENDITURE. A capital expenditure may include the costs of studies, etc., undertaken in connection with acquiring land or constructing a building.

- Report income specifically for a capital projects fund and expenditure from such a capital project fund.

SECTION I. CERTIFICATION:

- Self-explanatory.
